WORK EXPERIENCE

Application Developer (DBMS) - IBM
(April 2020 - current)

Working on the implementation of IBM's MCCM tool for an international telco. My responsibilities include:

- Development of inbound/outbound marketing campaigns
- Interacting with client to map requirements to development workflows.

Software Engineer (Full-Stack) - Xgrid
(September 2019 - March 2020)

Worked on an orchestration system for Cisco SD-WAN. My responsibilities included:

- Developing the middleware API.
- Integrating back-end APIs in front-end.
- Developing front-end components according to UX specifications and workflow requirements.

Technology Intern - Jazz

I Worked as a Technology Intern in Digital Headquarters in Summer 2018, for 6 weeks. I got to:

- Work with web technologies to handle large scale data interaction.
- Learn about the internal operations and structure of Jazz.
- Develop a payroll management system as the final project.

TECHNICAL SKILLS

- Hadoop framework
- MEAN stack
- Python
- Java
- PHP
- C#
- Git
- Linux
- Android
- Databases
